

Workshop Schneefernerhaus - Logistics

Arrival and departure

We meet **Sunday, September 10th** in Garmisch-Partenkirchen **13:30 local time** at the valley station of the **Bayerische Zugspitzbahn Zahnradbahn, short BZB** (a rack railway). This station is close (100m) to the train station Garmisch-Partenkirchen. **Departure with the BZB is 14:15**. For more information on the Zugspitzbahn, see <http://zugspitze.de/en/>. For BZB, tickets will be provided (no need for you to buy one).

If you travel from Munich: There are hourly trains from Munich central station to Garmisch-Partenkirchen (see <http://reiseauskunft.bahn.de>). Train RB 6 departs 11:32 and arrives 12:55. I recommend to take this one, as the next one (RB 6, leaving 12:32 and arriving 13:55) is very tight wrt time.

Depending on the weather situation and the amount of your luggage, we will either take the BZB all the way to the mountain station ('Zugspitzplatt'), arriving 15:28, or we will get out at station Eibsee, from there take the spectacular cable car to the summit of the Zugspitze, and descend from there to the 'Zugspitzplatt'. From there it is only a short transfer by cable car to the Schneefernerhaus (<https://schneefernerhaus.de/en/>).

We will leave the Schneefernerhaus on Thursday, September 14th after breakfast. Taking the Zugspitzbahn from the Zugspitzplatt at 10:30, we will arrive at the valley station at 11:50. So don't look for connecting trains earlier than 12:00. The next train to Munich main station is RB 6, leaving 12:07, arriving 13:26.

Miscellaneous

- In case of unforeseen events at the departure day, call Uwe **++49 (0)151 23287325**
- The Schneefernerhaus is a high-altitude environment! So please be prepared both for extreme sunshine (sunglasses, sun lotion) and extreme cold (jacket, gloves, cap, more than Flipflops on your feet).
